

Supporting Readers at Home

Open University research suggests there are three important ways to support readers and a love of reading.

Reading aloud to your children shows them reading is a pleasure, not a chore. Older children can read to younger ones too.

Children who read, and are supported as readers, develop strong reading skills and do better at school.

Making time to read alongside one another helps develop children's reading stamina and interest. Let them choose what to read and relax together.

Book Chats encourage readers. Invite them to make connections and share their views. Join in with your thoughts too!
